July 21, 2015

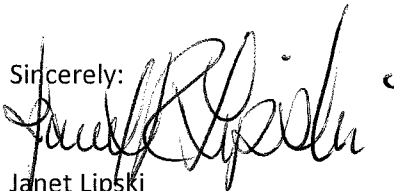

Have you ever been "sweet-talked" into leasing or purchasing a certain piece of Office equipment only to be delivered another model completely? We have! Suddenly the Salesman isn't available or does not answer your frantic calls. Your Boss is not very happy right now.....

This scenario will **never** happen with KDI!

Rob Orsimarsi, Senior Account Manager for KDI, reviewed our previous copier lease and found the Church was paying for unused copies each month. He listened to our requirements for a new printer/copier and selected the best model to fit our needs and budget. His presentation was in a friendly, non-judgmental manner. He explained the features in words I could understand. (Not techno babble as some salesman do). Rob was involved in every aspect of choosing the machine, SAVIN Digital Copier MPC3003-S, its delivery and set-up. He is always available to answer our questions either by phone or email. We have been using this machine for over a year now and it is a pleasure to work with. This machine makes my work so much easier- two-sided documents, enlargements, multi page documents copied and stapled! What more could a Secretary ask for? I especially like the scanning feature that sends the copy directly to a file on my computer.

I highly recommend KDI for your Office copier needs. Please feel free to contact me with any questions you may have about our experience with KDI.

Sincerely:

  
Janet Lipski

Secretary
